

Privacy Essay

Objectives

Note: This assignment is only for graduate students enrolled in this class. Undergraduate students do not have to do this assignment.

This assignment is to consider a topic around mobile applications and privacy. This could be a topic that is related to current events, a specialized topic such as health care privacy, location privacy, payment privacy, or children's privacy, or a discussion of privacy concerns around one single mobile app or class of mobile applications.

Please introduce your topic, explain why it is interesting, provide your thoughts on the subject and include any references you may have used.

1. Please write a thoughtful essay of between 1,500 and 2,500 words.

Prerequisites

No prerequisites needed.
